

- **Brand:** WESTROOPER
- **Model:** FAENA N° 01
- **Tela:** Rip Stop 100% Cotton WOOD LAND

- **Fabric:** 100 % Cotton
- **Color:** Camouflaged

## Sizes:

- S, M, L, XL.

## Composition Specifications:

### • Fiber Analysis:

- Method : AATCC 20A - 2017
- Quantitative method
- Content of cotton fiber 100%

### • Color fastness to rubbing:

- Method : AATCC 8 : 2016
- Degree of transfer:
- Dry rubbing: clear area: 4-5 y dark area: 4
- Wet rubbing: clear area : 3 y dark area: 2

### • Solidiy of color in light:

- Méthod: ATTC-16.3 -2014
- Process: 20 AFU
- Degree of color change : 4- 5

### • Color fastness to domestic washing:

- Method: AATCC 61 - 2013
- Grado transferencia de color:
- Acetate : 4
- Cotton : 4
- Nylon : 3-4
- Polyester: 4-5
- Acrylic : 5
- Wool : 4

### • Color fastness to perspiration:

- Method : AATCC 15- 2013
- ACID Solution - pH 4.3 +/- 0.2
- Degree of color transfer :
- Acetate : 4-5
- Cotton: 4-5
- Nylon : 4
- Polyester: 4-5
- Acrylic : 4-5
- Wool: 4-5

### • Color fastness to perspiration:

- Method : AATCC 15- 1973
- ALKALINE solutions: - pH 8.0 +/- 0.2
- Degree of color transfer :
- Acetate : 4
- Cotton: 4-5
- Nylon : 4
- Polyester: 4-5
- Acrylic : 4-5
- Wool: 4-5

### • Dimensional Change of fabric after washing:

- Method :AATCC 135 -2015
- Washing cycles :
- 1° Cycle : Long : - 3.05% / Width : 0.20%
- 3° Cycle : Long : -4.54 % / Width: 0.00%

### • Determination of the type oh dye

- Cotton , coloring : ink

### • Determinacion of the type of finish :

- Finish : Mercerized,  
pre- shrunk, smoothing.

• **Determination of tissue weight ( Mass / Area) in flat weave :**

- Method: ASTM D3776 / D3776M-09a (2017)
- Average weight : 223.469 g/m2

• **Counting of threads ( Wrap/ Weft ) in flat weave :**

- Method : ASTM D3775 -17e1
- Warp : 104.2
- Plot : 556.4

• **Linear thread density ( thread title):**

- Method : ASTM D1059: 2017
- Wrap : 21.54
- Plot : 15.36

• **Tensile strenght of textile fabrics:**

**Wrap / Plot**

- Method : ASTM D5034-09 (2017)
- Wrap:67.440 Kgf
- Plot: 40.250 Kgf

• **Tissue tear resistance due to pendulum drop:**

- Method: ASTM D1424-(09) 2013e1
- Wrap :1.921 Kgf
- Plot : 1.922 Kgf

**Making:**

**COAT:**

- Classic model
- Sport collar, with reinforcement collar.
- Long sleeves
- Front closing is by means of 5 buttons with waistband.
- It has 4 pockets, two at chest height and two in the part bottom, patch type, with flap, with two buttons per pocket, with reinforcement of triple stitching.
